The CN Summer Youth Transportation Institute is a two-week program that links science and mathematics to problems related to the transportation industry from a viewpoint of engineering problems and logistics. It is designed to be a fun learning experience for both the students and the teachers who participate.

The program is designed for students who are completing the 6th, 7th, and 8th grades during the 2002-2003 academic year. The program is also for teachers who will be teaching math and/or science at these grade levels.

There is no cost for this program to the students or the teachers.

The program will be held on the campus of The University of Memphis in the Herff College of Engineering from 9:00 AM until 2:30 PM, Monday through Friday, from July 21st through August 1st, 2003.

To be considered for the program, please complete the application below and either mail or fax the application. Applications will be considered on a first come-first serve basis.

Name:__________________________________________
Age:__________________ 2002-2003 Grade:________________________
School Attended 2002-2003:__________________________________________

*Teachers Only* Current Teaching Assignment (Subject):____________________

Contact Information
Home Address:_______________________________________________________
City:____________________ State:_________ Zip:_________________________
Phone:____________________ Email:_______________________________

To be considered as a participant in this program, each student is required to have two of their current teachers sign the form recommending them for the program.

I recommend that the student listed above be considered for the CN Summer Youth Transportation Institute.
